

Cruise France by hotel barge **LUCIOLE**

The Cruise

Hotel barge Luciole cruises the Nivernais Canal, through beautiful Burgundy, thought by many to be the most beautiful in France. Round every bend the vista changes, as the waterway weaves through the heart of Burgundy's beautiful scenery.

We began cruising in 1976, our experience is evident from the attention to detail on board. The crew of six maintain the warm yet professional atmosphere, so appreciated by our guests.

The barge accommodates twelve passengers in eight en-suite cabins, with an attractive saloon and inviting sundeck. On board, guests experience the gastronomy of France with fine regional wines and delicious gourmet meals.

The week's itinerary combines cruising with daily excursions in the barge's private bus, to famous vineyards for wine tasting, Medieval towns, historic châteaux and colorful markets.

While the Luciole cruises the canal, soak up the sun on deck or stroll down the towpath. We also have bicycles for those wishing to explore nearby villages.
